

Safety Data Sheet

Date of issue: 2015-06-24

Revision Date: -

1. Identification of the mixture and of the company

Product name : Lead for MLP2
 Company : ZEBRA CO., LTD.
 2-9 Higashi-gokencho Shinjuku-ku Tokyo JAPAN
 TEL: +81-3-3268-1193
 FAX: +81-3-3268-1197
 Emergency telephone : +81-3-3268-1193
 This phone number is available only during office hours: 9 a.m. to half past 5 p.m.
 (Japan time)
 Product use : Lead for writing implement

2. Hazards identification

GHS classification

Physical hazards

Flammable liquids	Not classified
Pyrophoric liquids	Not classified
Self-heating mixtures	Not classified
Corrosive to metals	Not classified

Health hazards

Acute toxicity-Oral	Classification not possible
Acute toxicity-Dermal	Classification not possible
Acute toxicity-Inhalation: vapour	Classification not possible
Acute toxicity-Inhalation: mist	Classification not possible
Skin corrosion / irritation	Classification not possible
Serious eye damage / eye irritation	Classification not possible
Respiratory or skin sensitization	Classification not possible / Classification not possible
Germ cell mutagenicity	Classification not possible
Carcinogenicity	Classification not possible
Reproductive toxicity	Classification not possible
Specific target organ toxicity (Single exposure)	Classification not possible
Specific target organ toxicity (Repeated exposure)	Classification not possible
Aspiration hazard	Classification not possible

Environmental hazards

Hazardous to the aquatic environment (acute)	Classification not possible
Hazardous to the aquatic environment (chronic)	Classification not possible

GHS label elements

Pictograms or Symbol

Exclamation mark
 No pictogram

Signal Word

No signal word

Hazard statement

No hazard statement

Precautionary Statements**Prevention**

- Read label and Material Safety Data Sheet before use.
- Wear protective gloves/eye protection.
- Wash hand thoroughly after handling
- Avoid release to the environment

Response

- Nothing in particular

Storage

- Store in a well ventilated place. Keep cool and container tightly closed.

Disposal

- Dispose of contents/container to in accordance with local government regulation.

3. Composition/information on ingredients**Mixture****Component and Amount**

Component	Amount	CAS No.	Reference Number in Gazetted List in Japan (Japanese Chemical Substances Control Act)
Graphite	0-100%	7782-42-5	Not subject to the regulation
Other components	0-20%	Nondisclosure	Nondisclosure(registered)
Additives	0-20%	Nondisclosure	Nondisclosure(registered)

4. First-aid measures**After inhalation:**

- Call a doctor/physician if you feel unwell.
- Remove victim to fresh air and keep at rest in a position comfortable for breathing.

After skin contact:

- Call a doctor/physician if you feel unwell.
- If skin irritation occurs: Get medical advice/attention

After eye contact:

- IF IN EYES: Rinse continuously with water for several minutes.
- Remove contact lenses if present and easy to do . Continue rinsing
- If eye irritation persists : Get medical advice/attention

After ingestion:

- Call a doctor/physician if you feel unwell.

Protection of the person who takes first aid

- Nothing in particular.

5. Fire-fighting measures**Suitable Extinguishing media**

Carbon dioxide, dry chemical powder, water fog, foam

Prohibition extinguishing media for safety reason

Water spray (straight)

Specific hazards

- This product is not combustible. But evaporated residue is combustible.
- May produce toxic fumes if burning.

Specific fire fighting procedures

- If safe to do so, move undamaged containers from the fire area.
- If can't move the container, cool containers and surrounding with spray water.
- Cool containers with large quantities of water until well after extinguished the fire.

Special protective equipment for fire-fighters

- Fire-fighting should be performed from the windward side.
 - Respiratory protection, and other suitable protective equipment
-

6. Accidental release measures**Personal precautions**

- The pollution area should be established as off limits without concerned persons.

Protective equipment and emergency measure

- Do not touch the leakage or its damaged container without suitable protection.
- Do not walk through the leakage.
- Keep sufficient ventilation if the area is indoor.
- Remove ignition sources.

Environmental precautions

- Keep away from drains, and prevent from releasing to the environment.

Methods for cleaning up

- Use non-flammable absorbent materials, and put them in airtight container.
- Dispose of absorbent in accordance with law.

Prevention of secondary disaster

- Remove nearby ignition source and hot surface.
-

7. Handling and storage**Handling****Technical measures**

- Do suitable equipment measures and use suitable protection that refer to "8. Exposure control/ personal protection".

Local exhaust ventilation and general ventilation

- Use local exhaust ventilation and general ventilation that refer to "8. Exposure control/ personal protection".

Caution

- When handling do not use high temperature articles, spark and fire.
- Handle container with care, do not make it turn over, drop, give impact and drag.
- Do not breathe, contact and swallow.
- Maintain air concentrations below exposure limit using exhaust ventilation.
- Do not eat, drink or smoke when using this product.
- Wash hand thoroughly after handling.
- Use only outdoors or in a well-ventilated area.
- Avoid release to the environment.

Avoid contact

- Refer to section 10 about stability and reactivity.

Storage**Incompatible materials**

- Refer to section 10 about stability and reactivity.

Storage condition

Store away from heat/sparks/open flames – No smoking
 Store in a well ventilated place. Keep cool and container tightly closed.
 Store locked up.

The Containers

Use the container that our company filled up when ship products

8. Exposure control/ personal protection**Exposure limit values****Exposure limit values**

Chemical name	Permissible concentration		Administrative levels
	The Japan Society for Occupational Health	ACGIH TLV-TWA	Ministry of Health, Labour and Welfare(JAPAN)
Graphite	Not established	2mg/m ³ (TWA, 2009)	Respirable dust : 0.5 mg/m ³ Total dust : 2 mg/m ³

Equipment measures

Put up local exhaust ventilation. Use explosion-proof electrical/ventilating/lighting.
 Take precautionary measures against static discharge.
 Put up emergency eyewash and shower in case of storage or handling about this product.

Protection**Respiratory protection**

If necessary use suitable respiratory protection.

Hand protection

Use suitable protective gloves.

Eye protection

Use suitable eye protection.

Skin/body protection

If necessary use suitable face protection.

Hygiene measures

Do not eat ,drink or smoke when using this product.
 Wash thoroughly after handling.

9. Physical and chemical properties

Appearance	Black Solid
Odour	No data available
pH	No data available
Melting point / Coagulating point	No data available
Boiling point	No data available
Flash point	No data available
Explosive limit UEL	No data available
Explosive limit LEL	No data available
Vapour pressure	No data available
Vapour density	No data available
Specific gravity	No data available
Water solubility	Insoluble
Partition coefficient n-octanol/water	No data available
Ignition point	No data available
Decomposition point	No data available

10. Stability and reactivity

Chemical stability	This product is stable in normal condition.
Materials to Avoid	No data available
Conditions to avoid	No data available
Incompatible materials	No data available
Hazardous decomposition products	No data available

11. Toxicological information

Acute toxicity–Oral	Classification not possible
Acute toxicity–Dermal	Classification not possible
Acute toxicity–Inhalation : vapour	Classification not possible
Acute toxicity–Inhalation : mist	Classification not possible
Skin corrosion / irritation	Classification not possible
Serious eye damage / eye irritation	Classification not possible
Respiratory or skin sensitization	Classification not possible / Classification not possible
Germ cell mutagenicity	Classification not possible
Carcinogenicity	Classification not possible
Reproductive toxicity	Classification not possible
Specific target organ toxicity(Singel exposure)	Classification not possible
Specific target organ toxicity(Repeated exposure)	Classification not possible
Aspiration hazard	Classification not possible

12. Ecological information

Hazardous to the aquatic environment(acute)	Not classified
Hazardous to the aquatic environment(chronic)	Not classified
Degradability	No data is available
Bioaccumulative potential	No data is available
Mobility in soil	No data is available

13. Disposal considerations

Waste residues	Disposal must be made according to official regulations. Avoid release to the environment.
Contaminated container and packaging	Do not flush into the sewer. Remove all contents when you dispose of empty containers.

14. Transport information

The contents are as follows when transport only leads

International regulation

IMDG(maritime transport)

UN No.	Not applicable
Class	–
Packing Group	–
Marine Pollutant	–

ICAO/IATA (air transport)

UN No.	Not applicable
Class	-
Packing Group	-

Special precautions

Prevent from falling, stumbling and doing damage when the container loading.

Avoid acute vibration and friction for container.

If there are some indications of hazard in transporting like acute leak in transporting, take emergency measures and report the accident at once to disaster management agency.

Avoid transport with foods or feeds.

Above regulations are applied to transport of writing instruments filled with the Lead.

15. Regulatory information

Follow all regulation in your country.

16. Other information

In this sheet, the contents of ingredients and the value of physical and chemical properties are not guaranteed performance.

The information contained in this sheet is based on the data available at now.

But this shall not constitute a guarantee for any specific or classification.

Please be alert to handling this product because chemicals shall have unknown hazards.

This sheet may be revised when we get new information.

The information is assumed in the case of large-scale handling on business operations.

They cannot be always applicable to general use of writing instruments.
